

Park Bench with Perforated Rolled Edge Steel

Welded and crafted to precision, these perforated steel park benches have a classic design with bold, 2-3/8" O.D. steel tube frames and perforated steel seating surfaces. The smooth rolled edge design provides comfort, safety and modern appeal. The bench seat and back are seal coated in an impact and UV stabilized polyethylene and the frame is finished in a durable powder-coating. Some assembly required.

Model 940S-PR6

Park Bench with Diamond Pattern Steel

These diamond pattern steel park benches feature smooth rounded edges for increased safety and comfort. The 12" wide diamond pattern seat and back, available in 6', 8', 10' or 15', are sealed in an impact and UV stabilized copolymer-based thermoplastic coating that requires no major maintenance. The structurally sound steel bench frames are powder-coated and available in portable, in-ground, surface and wall mount options.
